

COMCAST BUSINESS AND MICROSOFT OFFICE 365™

Taking the Work out of Working Together

Comcast Business provides new and innovative business solutions to help you work smarter and more efficiently. And now, we've teamed up with Microsoft Office 365 so you can run your business from anywhere at any time on the cloud, all while getting the Comcast Business service you can count on.

By combining the power of Comcast Business Internet with the Microsoft Office 365 applications (Word, Excel, PowerPoint, Skype and Publisher), your business will get the convenience and support from our cloud experts.

Here's why you need to be running your Microsoft Office 365 applications from the Comcast Business cloud:

- 1 Automatically back up your projects to the cloud** for dynamic collaboration, enhanced security and easy recovery.
- 2 Work anywhere, anytime** by accessing files, emails and conferences on-the-go.
- 3 Always have the latest version of every desktop app** and never pay for upgrades with continuous, automatic updates.
- 4 Enough storage for every employee** with 1 TB of cloud storage per user.
- 5 Hassle-free set-up** with Comcast Business' installation service.
- 6 Desktop and mobile versions** for all of the Microsoft Office 365 applications.
- 7 Create, share and edit** your reports, spreadsheets and more in real-time.
- 8 Affordable pricing** and the flexibility to pay for only the number of licenses you need for your employees at any time.
- 9 Access to a dedicated team** of cloud solution professionals who can answer your questions and help guide your setup.
- 10 One simple and convenient bill** that is included on the same monthly bill with your other Comcast Business services.
