Comcast Business Enterprise Services Network Equipment Resale Program Reference Page

The table below provides links to warranty and end user terms provided by the Original Equipment Manufacturers (OEMs) whose products are currently included in the Comcast Business Enterprise Services Network Equipment Resale Program (the "**Program**") and are applicable to our customers that purchase products from Comcast Business through this Program.

You should refer to the terms included in your Comcast Enterprise Managed Services Statement of Work, including, but not limited to, the Network Equipment Resale Service Description (ES0001), for the complete terms between you and Comcast Business for your purchase of third-party equipment and software under the Program.
